I. GENERAL INFORMATION ABOUT RFI

A. Background
Metropolitan Human Services District (MHSD) is a public agency committed to enhancing the quality of life for individuals, youth and families faced with the challenges of behavioral health disorders, addictive disorders and Intellectual and developmental disabilities. MHSD offers a comprehensive and dynamic system of services that effectively influences the direction and quality of community-based human services through patient-centered care. To this end, the continuum of care provides evidence and research based prevention, early intervention, treatment and recovery support services both directly and through community collaborations.

B. Purpose of RFI

However, MHSD will not contract with providers that have not completed this proposal and been accepted as an eligible provider. Note: There is an exception for those providers that are currently contractors of MHSD for the same service. These contractors are not required to submit an eligibility proposal. Currently, MHSD is soliciting eligibility proposals for Substance Use Intensive Outpatient Program Services (IOP).

C. Applicant Organization Eligibility
Applicant organization/agencies must be for profit, non-profit or faith-based organizations that can document a minimum of five years successful experience in operating an array of community based behavioral health services. Documentation must be provided that both the applicant organization and the lead management staff for the proposed program have expertise in the design, implementation and operation of the specified program.

Any applicant organization that cannot demonstrate its ability to meet these eligibility criteria will not be considered for review.

D. Geographic Area to be Served
Applicant will provide services in Orleans, Plaquemines and/or St. Bernard parishes.
E. Target Population
Substance users in Orleans, Plaquemines and St. Bernard parishes.

5. Public Records Act
For the purposes of this procurement, the provisions of the Louisiana Public Records Act (La. R.S. 44.1 et. seq.) will be in effect. MHSD is a political subdivision of the State of Louisiana, and thereby bound by the Public Records Act. Pursuant to this Act, all proceedings, records, contracts, and other public documents relating to this request for proposals shall be open to public inspection. Proposers are reminded that while trade
secrets and other proprietary information they submit in conjunction with this procurement may not be subject to public disclosure, protections must be claimed by the Proposer at the time of submission of its Proposal. Proposers should refer to the Louisiana Public Records Act for further clarification.

The Proposer must clearly designate the part of the proposal that contains a trade secret and/or privileged or confidential proprietary information as “confidential” in order to claim protection, if any, from disclosure. The Proposer shall mark the cover sheet of the proposal with the following paragraph, specifying the specific section(s) of his proposal sought to be restricted in accordance with the conditions of the legend:

“The data contained in the pages of the proposal have been submitted in confidence and contain trade secrets and/or privileged or confidential information and such data shall only be disclosed for evaluation purposes, provided that if a contract is awarded to this Proposer as a result of or in connection with the submission of this proposal, MHSD shall have the right to use or disclose the data therein to the extent provided in the contract. This restriction does not limit MHSD’s right to use or disclose data obtained from any source, including the Proposer, without restrictions.”

Further, to protect such data, each page containing such data, shall be specifically identified and marked “CONFIDENTIAL”.

Proposers must be prepared to defend the reasons why the material should be held confidential. If a competing Proposer or other person seeks review or copies of another Proposer's confidential data, MHSD will notify the owner of the asserted data of the request. If the owner of the asserted data does not want the information disclosed, it must agree to indemnify MHSD and hold MHSD harmless against all actions or court proceedings that may ensue (including attorney's fees), which seek to order MHSD to disclose the information. If the owner of the asserted data refuses to indemnify and hold MHSD harmless, MHSD may disclose the information.

If your proposal contains confidential information, you should also submit a redacted copy along with your proposal. When submitting your redacted copy, you should clearly mark the cover as such - “REDACTED COPY” - to avoid having this copy reviewed by an evaluation committee member. The redacted copy should also state which sections or information has been removed.”
